

Wrecking Exam Information

Licensing is at the discretion of the local municipality in the State of Indiana (there is not a state wrecking license).

Minimum Application Requirements to go before the board:

The applicant must submit the following for the Board meeting at least (10) business days before the Board meeting and **name must be placed on agenda**:

1. Wrecking Exam Application
2. Resume with work experience
3. Four (4) signed letters of reference from employers or customers. The letters of reference are for the person applying, not the company. Letters of reference must total 6yrs experience for 'A' application and 2yrs for a 'C' application.
 - a. Three letters of reference should include the number of years worked, the month and year the work was completed, and a detailed description of the kind of work done (including the height and type of the structures demolished).
 - b. The letters should be from employers or, if the applicant has been independently employed outside the County, the letters may be from clients who have utilized the applicant's services. (Not more than one letter from the same employer or client.)
4. A timeline of wrecking projects; this should include:

• Project Name	• Date(s) Wrecked	• Height of structure
• Type of Structure	• Address(city and state)	• Square footage
• Your role on the project	• Project contact information	• Building material (steel, conc, etc)
5. Copies of current licenses, safety certificates, technical certificates from university or trade school courses and union cards, if applicable

It is required by the City Ordinance that the above five (5) items must be submitted to the Board of Wrecking Examiners for an applicant to be considered for approval to take the exam.

Application Process:

1. The applicant submits the application packet to the Board of Wrecking Examiners at least ten (10) business days before the Board meeting.
2. The Board will review the application at a regular meeting. If approved, they will invite the applicant in for an interview.
3. The applicant appears for an interview at the Board meeting. At that time, the Board will move on the request to take the Prometric Inc. Exam.
4. If approved, the applicant registers and takes the exam with the Prometric.
5. If the applicant receives a passing score (75.0% or higher for "A" license: 65% or higher for "C" license) the applicant reappears before the Board for final determination in granting the license and orientation.

After passing the exam, proof of surety bond, general liability insurance and workman's compensation must be submitted with fee(s) and application(s) prior to reappearing before the Board.

If the applicant holds a license that required the passage of the appropriate Prometric Inc. (formerly Thomson Prometric, Experior Assessments LLC, and Block & Associates) Examination, the applicant **may** qualify for a reciprocal license. Please review the Wrecking Reciprocal License Packet on this website at www.indy.gov/eGov/City/DCE/Licenses/ContractorLicenses/Pages/wrecking.aspx or contact (317) 327-8467 to discuss the Reciprocal License Requirements.

The Board of Wrecking Examiners meets the fourth Monday of each month at 1:00 p.m.

2015 BOARD OF WRECKING EXAMINERS POLICIES

1. Passing score for the 2012 Demolition test is 75.0% for “A” licenses and 65.0% for Demolition Class “C” licenses. Applicants approved by the Board may take the license exam two times. A one-year waiting period will be required if the applicant does not pass the second examination.
2. The appropriate application must be completed and submitted to the Board.
3. The minimum number of years experience after reaching the age of 17 years old as required by the Code of Indianapolis-Marion County for a wrecking license are as follows:
 - “A” license – 6 years
 - “C” license – 2 years
4. Four (4) current letters of reference must be forwarded with the application.
Please note: The Board of Wrecking Examiners **will reject** reference letters submitted without signatures.
5. The purpose of at least three letters of reference is to verify that the applicant has the required number of years of experience and that the experience encompasses the various aspects of the work allowed under the requested license.
 - c. Three letters of reference should include the number of years worked, the month and year the work was completed, and a detailed description of the kind of work done (including the height and type of the structures demolished).
 - d. The letters should be from employers or, if the applicant has been independently employed outside the county, the letters may be from clients who have utilized the applicant’s services. (Not more than one letter from the same employer or client.)
 - e. The fourth may be a personal character reference letter.
 - f. Applicants with businesses must include copies of insurance and bond.
6. The Board may waive any provision of these “Procedures” by unanimous vote of the attending Board members at its meeting.
7. Any applicant applying for approval to take an examination or a reciprocal license must submit the application at one Board meeting with no action taken until the next Board meeting. The applicant does not have to appear before the Board for the submittal of the application, but the applicant does have to appear before the Board for approval of the reciprocal license or to take the exam.

8. The applicant must appear in person before the Board for approval to take the exam. The applicant will be notified when to appear.
9. An Applicant may retest one time within a six (6) month period after the date of the first test without reappearing before the Board, if he scores between 70% to 74% for Demolition "A" license and 60% to 64% for Demolition Class "C" license.
10. If the applicant scores less than 70% for Demolition "A" license and 60% for Demolition Class "C" license, the applicant must reappear before the Board and give evidence he has improved in areas of weakness before the applicant may retest. (This situation will be allowed for one time.)
11. After applicant's second failure, the applicant cannot retest for a period of one (1) year. At that time, the applicant must reappear before the Board and provide documentation that the applicant has improved in areas of weakness or show evidence of additional work experience or schooling.
12. Selling a license or lack of supervision will not be tolerated.

Board of Wrecking Examiners Probation Policies

1. The following are the Guidelines for Wrecking License Holders on Probation:

The Board may impose suspension, revocation or ineligibility of license renewal, and then the Board may conditionally suspend the original imposition based upon the contractor satisfactorily fulfilling the conditions imposed by the Board during a given period. Generally, this is what is meant by probation.

1. The contractor is required to request inspections for all work performed during the probation period.
2. The inspection staff will provide periodic updates to the Board concerning the contractor's activities during the probation period.
3. Proper supervision for any project where a permit is required and/or has been issued to The License Holder will be required.
4. The contractor may be subject to additional Board action for any violations during the probation period which are not corrected in a timely manner; and
5. Failure to comply with any provisions of the probation may result in suspension or revocation of the license for a period of time. The Board shall call a formal hearing before suspension or revocation is determined.
 - a. If failure to comply with one or more provisions of probation is reported, the Board shall hold a Formal Hearing at the first Board Meeting or sooner if necessary, to determine action to be taken regarding The License Holder.
 - b. The Board may require immediate license revocation and other action as needed, in the event that life and/or property are in danger.
6. There shall be a minimum probation period of a two-year sentence after formal review of the case and voting by the Wrecking Board.

The above policies are recommended but in no way limit the action taken by the Board in aggravated circumstances.
